SUMMARY

I am a Cyber Security undergraduate with a strong interest in protecting systems, networks and sensitive data from evolving cyber threats and ensuring robust information security. I am passionate about network security, ethical hacking and vulnerability assessment and eager to develop my technical skills while contributing to secure and resilient digital environments.

EDUCATION

Bsc(Hons) in IT specialized in Cyber Security - SLIIT Malabe Campus
July. 2024– Present

- Currently pursuing a BSc (Hons) in Information Technology, specializing in Cyber Security at SLIIT.
- Studying core areas including programming, networking, database systems and information security principles.
- Gaining practical experience through academic projects focused on software development, system security, and problem-solving using modern technologies.

G.C.E (A/L) Examination - Sivali Central College, Ratnapura
December. 2023

- Completed G.C.E. Advanced Level (A/L) Examination in the Physical Science stream.
- Achieved results: 1 C pass in ICT and 2 S passes in Combined Mathematics and Physics.
- Developed strong analytical, problem-solving, and logical thinking skills through A/L studies in science-based subjects.

PROJECTS

CyberLearn CTF - Cybersecurity Learning Platform
SLIIT - 3rd Year 1st Semester

- Developed a Python Flask-based CTF platform with six cybersecurity challenges covering web security, cryptography, forensics, networking, steganography and Linux security.
- Implemented secure authentication, server-side flag validation, CSRF protection, rate limiting, security headers and SQLite-based progress tracking.

Secure Client-Server Communication System
SLIIT - 2nd Year 2nd Semester

- Developed a web-based train scheduling and ticketing system using Java and MySQL.
- Implemented core CRUD operations (Add, Update, Delete, View) with file-based data storage for persistent record management.

CERTIFICATIONS

- Web Application Development : Webcomms Global (PVT) Ltd and LK Domain Registry
- Introduction to Cyber Security : Cisco Networking Academy
- Endpoint Security : Cisco Networking Academy
- Cyber security - Understand Threats and Prevent Attacks : Alison
- Cyber Threat Management : Cisco Networking Academy

TECHNICAL SKILLS

Languages: Java, Python, C, SQL, Bash / Shell Scripting
Security Tools: Kali-Linux, Metasploit, Ubuntu, DVWA
Concepts: Network Security, TCP/IP, Penetration Testing, Cryptography, DevSecOps
Soft Skills: Problem Solving, Teamwork, Analytical Thinking, Time Management
